The graph illustrates the cumulative number of people in the UK who have been vaccinated against COVID-19. The x-axis shows the time period from January 2021 to January 2022, with labels for each month. The y-axis represents the number of people in millions, ranging from 0 to 9,000. The data points are connected by a line, showing a consistent upward trend. A notable jump in the number of vaccinations is observed in January 2022, reaching approximately 9,000 million people.

Month	Number of people (millions)
